- (b) copies of those standards and amendments, and a list of those places, are available for inspection free of charge during ordinary office hours, at the offices of the Ministry.

18 Criteria for approval of standards

- (2) The Minister may consult under subsection (1)(a)(ii) by reference to an existing document or documents relating to providing health or disability services.

 - (c) is satisfied that requiring providers of services of that kind to provide them in compliance with the standards as amended by the amendments approved would be in the public interest, having regard to—

 - (ii) the likely costs to providers of compliance.
- (2) Subsection (1) does not prevent the approval of amendments that are a modified version of proposed amendments consulted on under paragraph (a) of that subsection.
